

COMPLIANCE STATEMENT WITH REGARDS TO WILDLAND FIREFIGHTING PROTECTIVE GLOVES BY MAJESTIC FIRE APPAREL, INC.

Majestic Fire Apparel, Inc. products are made with overall quality, end-user safety, and the environment in mind. Products are manufactured to meet requirements defined in NFPA 1977 Standard on Protective Clothing and Equipment for Wildland Fire Fighting and Urban Interface Fire Fighting, and are further supported by an effective system of quality management controls, while maintaining procedures for reviewing raw material and utilizing test data from third parties to support our compliance to the NFPA Standard.

Based on information from our suppliers, we make the following statements as it relates to our Wildland Firefighting GLOVES.

Disclosure for Use of PFAS in Majestic Fire Apparel, Inc. WILDLAND FIREFIGHTING GLOVES

Majestic Fire Apparel, Inc. does not alter, add, or utilize the use of PFAS chemicals in our processes in the distribution of wildland firefighting protective gloves. We are committed to providing high-quality products through our carefully selected network of trusted suppliers and partners. Our suppliers select barrier fabrics which are purchased from textile manufacturers for incorporation into the manufacture of wildland firefighting protective gloves. Based on the information provided by these barrier fabric suppliers, their fabrics contain polymer compounds that fall under the definition of PFAS chemicals. These polymer compounds are critical to firefighter safety and aid in reducing the risk to firefighters from extremely dangerous and hazardous exposures. These barrier fabrics meet the minimum performance and design criteria mandated by NFPA 1977 for wildland firefighting gloves.

California Proposition 65 Compliance Statement with regards to Majestic Fire Apparel, Inc. WILDLAND FIREFIGHTING GLOVES

Majestic Fire Apparel, Inc. does not alter the inherent chemical properties of any fabric utilized in the distribution of wildland firefighting gloves. We are committed to providing high-quality products through our carefully selected network of trusted suppliers and partners. Our suppliers select barrier fabrics which are purchased from textile manufacturers for incorporation into the manufacture of wildland firefighting protective gloves. Based on information received from these barrier fabric suppliers, their fabrics may contain a known chemical to the state of California to cause cancer, birth defects, or other reproductive harm.
